

## Cranberry Mobile Home Park Pet Policy - 2023

1. Any tenant wishing to bring pets onto the above-named property must read, understand and abide by the rules outlined in this Policy, the primary purpose of which is to ensure that safe and sanitary surroundings are provided for all tenants, visitors and management employees, to protect the physical integrity of the property, and to protect and provide for the well-being of the pets themselves.
2. Tenant must register all pets with property management. **Permission to keep a pet is granted at the sole discretion of management** and will be based in part on the pet's own merit, as well as the merit of each tenant and the tenant's ability to maintain proper control over it. Permission **must** be obtained **before** a pet is allowed to reside with a tenant in the park. Failure to obtain permission will result in management requesting the pet be removed from the park. If a pet is no longer owned by a tenant the tenant should advise the management of this change.
